

INDEX

NUMERICAL METHODS

Report No	Date	Report Name	Remarks
01	Reported 20-12-23 Submitted 26-12-23	Implementation of Closed type Methods(Bisection & Regula Falsi) for root finding in non-linear equations.	
02	Reported 26-12-23 Submitted 2-01-24	Implementation of Open Methods (Newton-Raphson Method) for root finding in non-linear equations.	
03	Reported 2-01-24 Submitted 9-01-24	Implementation of Gauss Elimination Method for system of linear equations.	
04	Reported 9-01-24 Submitted 30-01-24	Implementation of the Trapezoidal Method for solving integration problems.	
05	Reported 30-01-24 Submitted 6-02-24	Implementation of Lagrange Interpolation Method for performing inter and extra polation.
